

Property Information Sheet

Name and Address

Allan & Jean
1 Hazler Orchard
Church Stretton
SY6 7AL

Property Description

Part single storey, part 2 storey, with garage below. Internal leaf timber frame insulated with 100mm Xtratherm insulation, external leaf brick or timber cladding. Interlocking concrete roof tiles.

What changes have you made to your home?

Installation of 22 PV panels and 9.5kw battery operating since October 2022.
We will be installing a 12kW air source heat pump with 250l hot water cylinder in time for Green Doors.

Why did you make these changes?

- 1 To save energy costs.
- 2 To reduce our reliance on fossil fuels (gas).
- 3 To reduce our carbon footprint and help stop global warming.

What were the approximate costs?

Information will be given to visitors on the day.

What have been the approximate energy savings?

Our 22 PV panels have generated 5900kWh of free electricity from October 2022 until the end of August 2023.

Property Information Sheet continued...

What have been the effects on your home?

Saving energy costs.

Who undertook the work?

Solar panels and battery –
ACE Electrical (Wolverhampton) Ltd.,
Trading as Ace Solar Energy,
Unit 18, The Hollies Industrial Estate,
Graiseley Row,
Wolverhampton WV2 4EH

Air source heat pump –
Randle Building Solutions Ltd.,
Unit 1, Stanford Bridge Business Park,
Stanford Bridge,
Nr Newport TF10 8BA

Would you recommend them?

ACE - Yes, definitely.

Randle – Don't know yet. Work to start in a few weeks.

What else would you like to do? And why haven't you done them yet?

Have you considered any measures but rejected them? Please give details of what and why.

Do you have any further comments?

Are there any access issues? Eg steep steps, lack of parking.

A dozen or so easy steps up to the house.
On street parking. Large drive.
